ITALIAN SLAYS HIS COUNTRYMAN.

Jake Girardina Puts Three Bullets Into Tony Morello's Head in Course of Quarrel.

HIS PLEA IS SELF-DEFENSE.

Declares Morello, His Brother and Friends Attacked Him on Street-Tragedy Result of Business Rivalry.

Jake Girardina, a barber, fired three bullets into Tony Morello's head at 12:15 o'clock yesterday afternoon, in front of the former's shop at No. 5227 Shaw avenue. Morello died later in the afternoon,

The tragedy was the result of business rivalry. Morello conducted a barber shop at No. 5252 Shaw avenue. At noon Girardina passed Morello's shop on his way to the store. He says that Morello and his brother threatened and cursed him. As he returned, he says, Morello and his brother and friends out on the pavement. Morello's brother

ran out on the pavement. Morello's brother had a pair of scissors.

Morello followed him to his shop, and Girardina declares that he was showered with soda bottles and bricks. He retreated into his shop. Morello, he says, threw bricks through the window. Girardina then so a 38-caliber revolver and shot his assailant. One bullet took effect in the mouth and the other two in the temples. Morello was taken to the City Hospital in an ambulance, where he died. Police Officers Hell and Buckle placed Girardina under arrest and took him to the Mounted District Station. He was not injured.

Morello was 35 years old. A few years ago Girardina was run over by a Suburban car and lost a leg. He has a little son. His friends will try to secure his release on ball. Witnesses of the tragedy were: James Corda, William Ebery, Sebastian Morello and Mary Morello.

Girardina says:

"I acted in self-defense. Morello and his brother started it. His brother threatened me with the scissors, called me 'wooden leg.' and then they ran me into my shop and threw bricks through the window."

ST. LOUISAN TO BE CHAPLAIN.

Appointment Offered to the Reverend H. Percy Silver.

The Reverend H. Percy Silver, rector of St. John's Episcopal Church, received notice yesterday of his appointment as chaplain in the United States Army, but was not notified as to when he should formally enter the service. He is expected to hold himself in readiness for immediate summons, and the probabilities are he will leave the city for some post within a fortnight. The Reverend Mr. Silver made application for a chaplaincy more than a year ago. Later, the call to the St. John's rectorate was extended, and was accepted. Several months ago he entered upon his work here, as the successor of the Reverend C. H. Moller, and the work of the rectorate has prospered.

CONSERVATIVES SURPRISED.

Success of Their Party in Tariff Bill Was Unexpected.

Berlin, July 27.—The projected tariff bill, published yesterday by the Reichsanzeiger, is the chief topic of discussion here to-day. Byen the agrarians are surprised at the extent to which the Government has compiled with their demands. It is not considered at all likely that the bill will pass in its present shape. present shape.
Liready Der Vorwaerts and the radical
titional-laberal organs express their demination to fight the Government to a

The Catholic organs, in general, are caulious, and do not express opinions. The
comment of the Conservative newspapers
shows them to be surprised at the success

of their party.

The National Zeitung contends that the Government must be shown that its new tariff scheme is incompatible with the compared and social interests of the country and the bases of German political economy.

Food Cure

NATURE'S WAY

See Diet List Below.

HEALTH REGAINED VIA FOOD.

A man may try all sorts of drugs to help tim to get well, but after all the "food ure" is the method intended by Nature. Any one can prove the efficacy of the food ure by making use of the following break-last each morning for fifteen or twenty

days:

A dish containing not more than four heaping teaspoonfuls of Grape-Nuts, enough good, rich cream to go with them, some raw or cooked fruit, not more than two alloes of entire wheat bread, and not more than one cup of Postum Food Coffee, to be sipped, not drank hurriedly. Let this suffice for breakfast.

Let one meal in the day consist of an abundance of good meat, potato and one other vegetable.

ther vegetable.

This method will quickly prove the value of the selection of the right kind of food or rebuild the body and replace the lost issue which is destroyed every day and must be made up, or disease of some sort maters in. This is an age of specialists, and he above suggestions are given by a specialist in food values, dietetics and hygiens.

BOY DROWNED FOR FORTY-EIGHT CENTS.

His Companions Threw Him Into Congressman Patterson Predicts the River and Spent the Money for Candy.

REPUBLIC SPECIAL. Alpena, Mich., July 27.-Cyrus Larke, 8 rears old, the son of F. D. Larke, editor of the Rogers City Advance, mysteriously disappeared in that village on Tuesday aftersoon, and no trace of him could be secured.

According to the confession of Harvey Nelson, also 8 years old, the Larke boy was murdered by companions of his own age in order to secure 48 cents which he

possessed.

According to the Nelson boy, young Larke, in the company of the 9-year-old son of Prosecuting Attorney Reed, Nelson and several other boys about the same age, were playing near the Hoeft sawmill boom on Tuesday afternoon.

Reed seemed to be the leader among the boys. Young Larke was urged to climb down to the water and go out on a pier. He objected, saying his parents had or-dered him never to venture on the piers or go near the booms. He was finally per-

go near the booms. He was finally per-suaded and accompanied the boys.

Young Nelson says he remained behind, but watched the boys. He says Reed and his companions led young Larke out from the pier and, after forcing him to give them 48 cents which he had in his pocket, pushed him off the boom into the water.

The boy could not swim, and, when he tried to catch the boom on of the boys would to catch the boom, one of the bors would push him off. This was repeated once or

twice, after which the body did not come telling Nelson, who witnessed the tragedy, that if he ever told any one about the mat-ter they would serve him as they had served Larke, they went to a candy store and spent the money. When asked where he got the money. Reed explained that he had found it. The water was dragged at once and the body was recovered at the place where young Nelson said the tragedy occurred. An inquest will be held.

"TARIFF AND TRUSTS" WILL BE THE ISSUES.

Democratic Success in 1904 on Such a Platform.

REPUBLIC SPECIAL. Washington, July 27 .- 'If the Democrats minate a good, conservative man for President in 1904, no matter from what see tion of the country he may come, and make the contest on the issues of the trusts and tariff, we will win," said Rep-

resentative Patterson of Tennessee this

There are plenty of men in the Demo cations, and they are not confined to any particular section, I am opposed to the particular section. I am opposed to the theory that the South must be barred in the matter of furnishing the candidate for President or Vice President. I believe we should nominate the most available man, irrespective of what State he may live in.
"The Democratic party is now looking to
the future, and the next campaign will not be fought out on dead issues. The best evi

dence of this is the Ohlo State platform. I heartily indorse that platform, because it presents to the people live issues. It was a great disappointment to the Republicans when the Ohio Democrats refrained from reasserting the Kansas City platform. I believe Democratic conventions in other States will also do as the Ohio Democrats did, and adopt platforms to meet the issues of the present instead of the past.

"I see it stated that the Republicans will revise the tariff next winter. Well, it is not at all probable that the Republicans will interfere with the source from which they get their money, and, in my opinion, they will not revise the tariff. Of course, there will be many separate tariff bills introduced in the House next winter, but I doubt if any of them will be reported from committee.

"However, the tariff question is sure to

"However, the tariff question is sure to come to the front, and, in my judgment the tariff and trusts will be the issue between the two parties in 1904."

Mr. Patterson says there will be a lively State campaign in Tennessee next year, when a successor to Governor McMillin is chosen. So far only two candidates have announced themselves—W. H. Swiggart of Union City and J. B. Frazier of Chattanooga.

Washington, July 27.-General R. G. Dyenforth, commander-in-chief of the military order of the Union Veterans' Union, has gone to Chicago upon two important mis-sions. His object is to make preparations for the National Encampment of the vet-erans, which will be held in Chicago in Oc-

vote in the primaries, and in the State and national elections as the interests of the soldier may dictate. General Dyrenforth proposes to undertake an active campaign, also in the State of Ohio for the purpose of increasing the mem-bership and organizing the order for political purposes.

A Senator is also to be selected in th

take a hand in the fight. "The principal idea of our order," says General Dyrenforth, "is to participate in politics for the purpose of securing legislation favorable to the old soldier and to aid them in securing public office. That does not mean that we are organizing to grab pen-sions or all the public jobs, but to look after a fair share of them."

San Francisco, July 27 .- Doctor A. W. Nieuwenhuis, a medical commissioner of the Dutch army in Java, has arrived here on his way to Holland. He has been exploring the wilds of Borneo and in traveling from the west to the east coast of that country he says he has done what no white man has

of the Dyak tribes in the interior by cur-ing many of them of malaria by the use of quinine, and they rendered him valuable assistance. He found the natives very su-perstitious, though well disposed toward white men The party made valuable collections of animals and plant life, and gathered many geological specimens. EXPEDITION'S SUCCESS | DEATH'S HARVEST OF CARTER WITNESSES,

Dutch Explorer in Java Discovers Five Men Who Testified Against Event Arranged for Sunday, & Captain Oberlin M. Carter Have Died.

> Savannah, Ga., July 27.-The death of Robert F. Westcott, which occurred at Richfield Springs, N. Y., on Friday, recalls the fact that since the trial of Captain Oberlin Carter, United States Army, by court-martial, here in Savannah, four important witnesses for the Government have died. These are Marion Twiggs, John M.

Hall, S. M. Hale and on Friday R. F. Westcott Another witness, though not of such importance as the others named, killed himself in Philadelphia a month ago. This was R. S. Burnett.

Twigge, Hall and Hale were all important

witnesses for the prosecution, and all of them appeared against Carter at the courtmartial. They were inspectors on the work at Savannah and Cumberland Sound, and they gave evidence to show and prove the breaches of good faith in the execution of the contracts. One by one they have passed away. Westcott's evidence was not given at the court-martial. At that time, indeed, he was making every effort in his power to shield the defendant, who had married his daughter, from exposure and conviction, and was permitting to go unchallenged the statement that he had advanced Carter large sums of money which that officer had been spending for the four or five years preceding his arrest. At the preliminary hearing before Commissioner Shields in New York, upon the application for the removal of Greene and the Gaynors to Savannah, Westcott appeared as a witness against them. It will be possible to use the evidence of Mr. Westcott, given before the Commissioner in the trial of the case against Greene and the Gaynors. On that occasion counsel for the defendants had an opportunity to cross-examine the witness, and they availed themselves at great length of the privilege. But the evidence of the other witnesses is gone.

Fortunately for the Government's case, this evidence can be had from other sources, and if the dead inspectors were alive they could only tell in another form what will be testified to by some other inspectors or other employes of the Government, or the contractors in the work of harbor improvement.

The Cool Northern Rowe they gave evidence to show and prove the breaches of good faith in the execution of
